

# VAUDEVILLE--"YES" or "NO"

We have received a great many requests to run Vaudeville; and quite a few others have asked us to run Pictures only, at both the Palmetto and Bijou, and as we are running these Theatres for the public we want YOU to decide this question.

## WE WILL DO EXACTLY WHAT YOU SAY

Beginning today (Thursday, July 8th) and continuing nine days every paid admission to either the Bijou and Palmetto Theatres will entitle the purchaser to a vote, said vote to be deposited in a ballot box at the ticket office; said ballots will read "Vaudeville" and "No Vaudeville." Saturday morning, July 17th the vote will be tabulated by two well known business men and the result declared. This result will be FINAL.

No matter what your decision, we promise only CLEAN, and HIGH-CLASS attractions.

# IT'S UP TO YOU! PALMETTO and BIJOU THEATRES

## CONNECTIONS TO BE MADE NEXT FEW DAYS

LINE FROM BELTON IS ALMOST COMPLETED—WIRES ARE UP

## GREAT POWER LINE

Southern Power Company Has Great Net Work of Wires Over Four States.

Mr. H. A. Orr, manager of the Southern Public Utilities company in this city, stated yesterday morning that the power line from Belton to this city would be completed this week and that all the connections would be made by the latter part of next week, thus finishing the link between Anderson and the extensive powers system of the Southern Power company. This company has a net work of wires that go all over nearly all of North and South Carolina and parts of Georgia and Tennessee.

When all of the connections are made it will be possible for every power plant in the two states of North and South Carolina to be shut down and for them to run a motor in the eastern part of North Carolina with power from Portman Shoals. When the line is finished, a circuit will be formed that almost any city in the above two states can be connected with any other city by a direct line.

The line between here and Belton is so constructed to carry 100,000 volts but for the present will be used for only 44,000. Later the line will go to Clemson College and will tap the main line from Spartanburg and Greenville and Easley on to Toccoa, Ga.

## WILL HOLD ELECTION AS TO VAUDEVILLE

Manager Pinkston of Palmetto Hits Upon Unique Plan of Action.

In this issue of the paper is an announcement from Mr. Pinkston, the owner and manager of the Bijou and Palmetto theatres of this city, requesting the people to decide whether they want vaudeville at the Palmetto.

Mr. Pinkston in this manner very clearly and openly shows that he is very anxious to give his patrons just the kind and character of entertainment that they want. Nothing could be simpler and fairer than his proposition.

He has provided ballot boxes and ballots—"vaudeville" and "no vaudeville" which can be obtained at each ticket office, and every purchaser of a ticket is not only entitled to a vote, but is respectfully urged by the management of the two theatres to vote either for or against vaudeville, promising to abide absolutely by the result of this election.

As Mr. Pinkston says, "It's up to the people as to whether they want vaudeville." He has provided first class and high class picture shows at both theatres, and promises the best of either vaudeville or pictures, just as the people decide. So the patrons of these two places of amusement are urged to express their preference now during this contest, and not refrain from voting, and later criticize the management if they run the kind of amusement place that he or she does not wish.

**Diarrhoea Quickly Cured.**  
"About two years ago I had a severe attack of diarrhoea which lasted for over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Obtainable everywhere.

## SAPPHIRE DAM BROKE AND DID MUCH HARM

This Was One Reason Why Seneca and Savannah Rivers Rose So High.

One reason for the high water in the Seneca and Savannah rivers a few days ago was the fact that the dam at Sapphire, N. C., broke, turning loose much water which ran into the tributaries of these rivers. The lake at that place has a circumference of about eight or ten miles and is very deep. The dam broke sometime Tuesday morning and this with the heavy rains accounted for the high water.

People from Anderson who have returned from the mountains state that they were impressed by many acres of fine corn on their trip up, but returning noticed that where the corn stood there is now nothing but sand.

## STILL CAPTURED BELOW ANDERSON

Sheriff Ashley and Deputies Spent Tuesday Looking for it and Were Rewarded.

A still and about 500 gallons of beer were captured by Sheriff Ashley and Messrs. J. Olin Sanders and A. J. Epling, deputy sheriff, assisted by G. J. Bruce, ex-deputy sheriff in Abbeville county, Tuesday afternoon. The still was located on Governor's Creek on the place of Dr. Thompson the land being owned by Columbus Shaw. It was placed about 150 yards from the public highway and when found everything was in readiness for a run.

The beer was emptied into the Rocky River and the still brought on to this city.

## TO VOTE ON BOND ISSUE

Townville School District Election on Next Wednesday.

Mr. J. B. Felton stated yesterday that the voters in the Townville school district would decide on next Wednesday about a \$5,000 bond issue. The money is to go toward building a new school house and it is thought that the issue will pass.

## Salts If Kidneys Or Bladder Bother

Harmless to Flush Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

## CHARLOTTE ENGINEER INSPECTING PAVING

SPENT YESTERDAY MORNING IN LOOKING OVER WEST MARKET STREET

## IS WELL PLEASED

Also Inspected Asphalt Plant—Had Few Criticisms to Make About the Street Work.

Mr. Gilbert C. White, of Charlotte, consulting engineer of the street paving, has arrived in the city and yesterday morning accompanied by the chairman of the street paving commission and the mayor, inspected the work on West Market street.

As a whole Mr. White appears to be very well pleased with the work and although he had some criticisms to make in regard to the concrete bases placed on the first day, he stated that he knew this was because the hands were not exactly accustomed to the work. He also called the attention of the contractor to some spots in the base, where the rocks were exposed but it was explained that these were going to be remedied before the street was left.

In company with City Engineer Sanders Mr. White inspected the asphalt plant and he expressed himself well pleased. The plant will start operations next week.

## ACKER REUNION ON AUGUST 5TH

Committee on Time and Place Makes Announcement—Will be Held at Groves Church.

The Acker-Holbert family reunion will be held this year on August 4, at Groves Baptist church. This announcement was made yesterday by the chairman of the committee on time and place.

This reunion is an annual affair and is one of the biggest reunions held in Anderson county. They are always well attended and afford much enjoyment.

A detailed program of the day will be announced later.

## LOCATING MAINS S. MAIN STREET

Preparing for Paving Between Car Tracks—Some Changes are Necessary.

Forces of the Southern Public Utilities company are busy on South Main street locating exactly their water mains. In some places the big mains are directly beneath the car tracks and either the mains or the tracks will have to be moved.

The company's engineer from Charlotte is expected within a few days and he will arrange this matter.

## LINLEY-WATSON COMPANY

Mr. W. E. Watson Has Interest in Development Company

Mr. W. E. Watson has bought interest in the development company of which Mr. John Linley is president and in the future the company will be known as the Linley-Watson company.

Mr. Watson has been employed with the company for some time and is familiar with its work in every way. He is one of the most prominent young business men in Anderson and his friends wish him much success.

## Excursion to Charleston

Many Andersonians are expected to take advantage of the excursion to Charleston today. The down train from Wallhalla will carry an extra coach and will arrive in Charleston at 7 o'clock this afternoon.
